

eX Hybrid Slimline Aluminium

Sliding and Stacking Door

STEGBAR

ELEVATED ENERGY PERFORMANCE.

The eX Hybrid Slimline Sliding and Stacking Doors provide enhanced energy efficiency by integrating thermally broken technology into each door panel. You still get a minimal, lightweight aesthetic with added performance improvements and U-Values as low as 2.4

- Achieve 7 Star energy efficiency ratings at a 6 Star price with the eX Hybrid range.
- The eX Hybrid range combines the energy efficiency of thermally broken technology with Stegbar's trusted Residential Aluminium product range.
- Aesthetics are designed to complement Stegbar's Residential Aluminium range with straight-cut panels and slimline frame.
- The eX Hybrid range matches the sizing and limitations for our Residential Aluminium sliding and stacking doors.
- No changes to the way you build with the same build in method as the Residential Aluminium range.
- Incorporate the eX Hybrid range into a mixed house lot to improve overall energy efficiency ratings.
- Double-glazing, offered as standard, prevents heat transfer between inside and outside, reduces energy bills and offers year-round comfort.
- Stylish and durable hardware options to make operation a breeze, and keep your home secure. Choose from a range of hardware including an NDIS compliant accessibility handle.
- A range of glazing options to improve comfort, serenity, security and privacy.
- Backed by Stegbar's industry-leading warranty.

Thermally Broken Panel

Reduce heat and cold transfer for improved comfort and energy efficiency. A low maintenance and durable door option.
